Beauty in all things, large and small, is a key to a fulfilled life. There is beauty in everything we experience. Beauty in our ability to love another, in our ability to reason in times of trouble, and our perception of the various forms of nature both delicate and gradiose. Ganesha's campus is also filled with beauty. The forty acres of lawns and trees, the view from almost anywhere on campus of the mountains, and most important are the people. The faculty and students are the school. Many of the students are under a great strain emotionally and others physically. A constant bombardment on us by society to do well academically can be overwhelming but nature has given us the strength to cope with and sometimes fulfill these demands. Fulfillment of these demands is evident in the large number of students accepted to colleges and universities from Ganesha each year and the gains of the sports teams annually.

Nature is ever changing, always trying to attain perfection. Ganesha is always changing too. Each Senior Class leaves to make room for the expectant freshmen.

The new people bring with them fresh ideas, not allowing our school to stagnate. Every year we move a step closer to perfection.

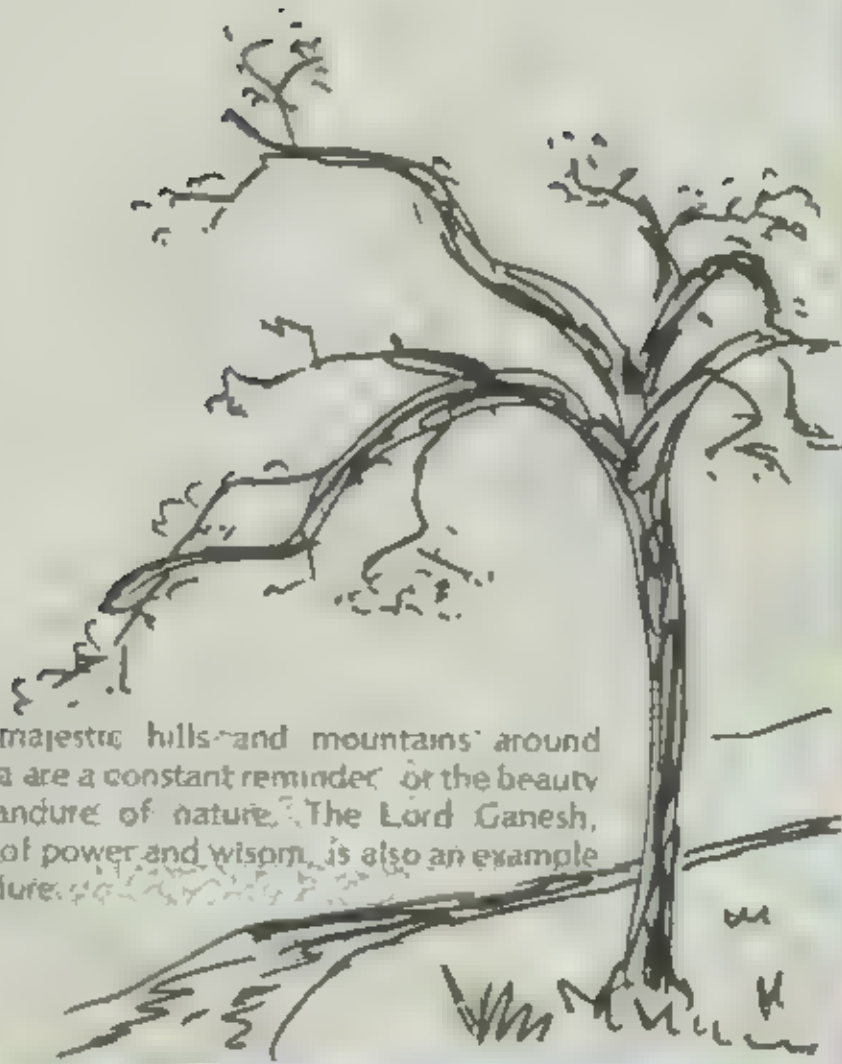

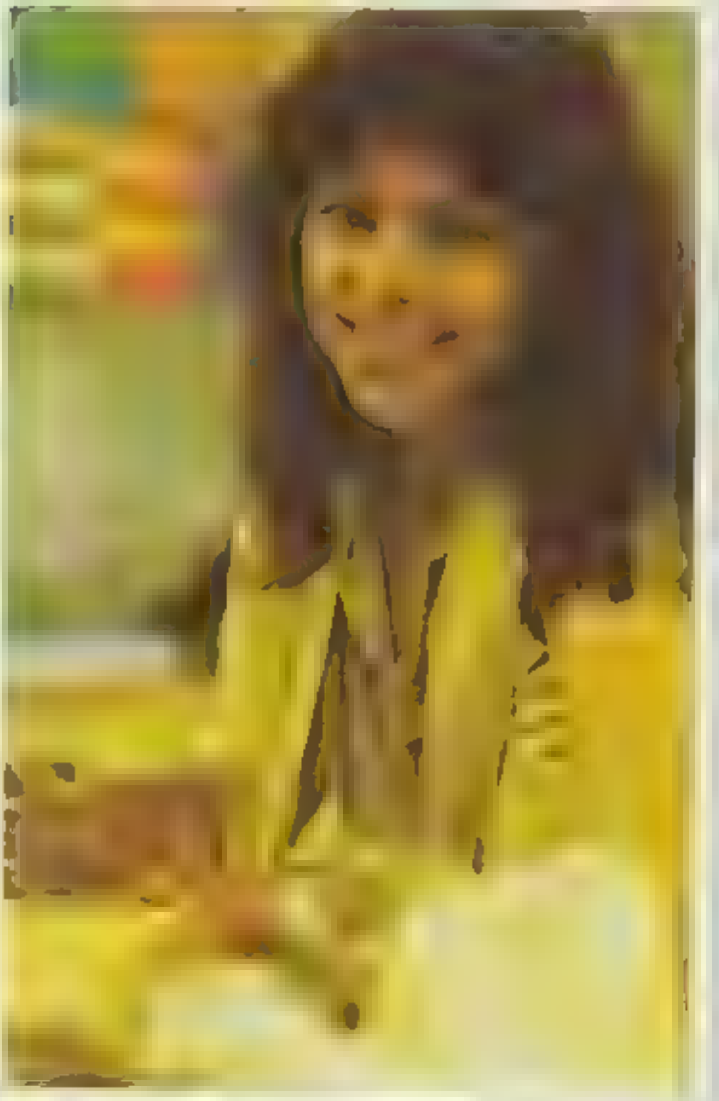

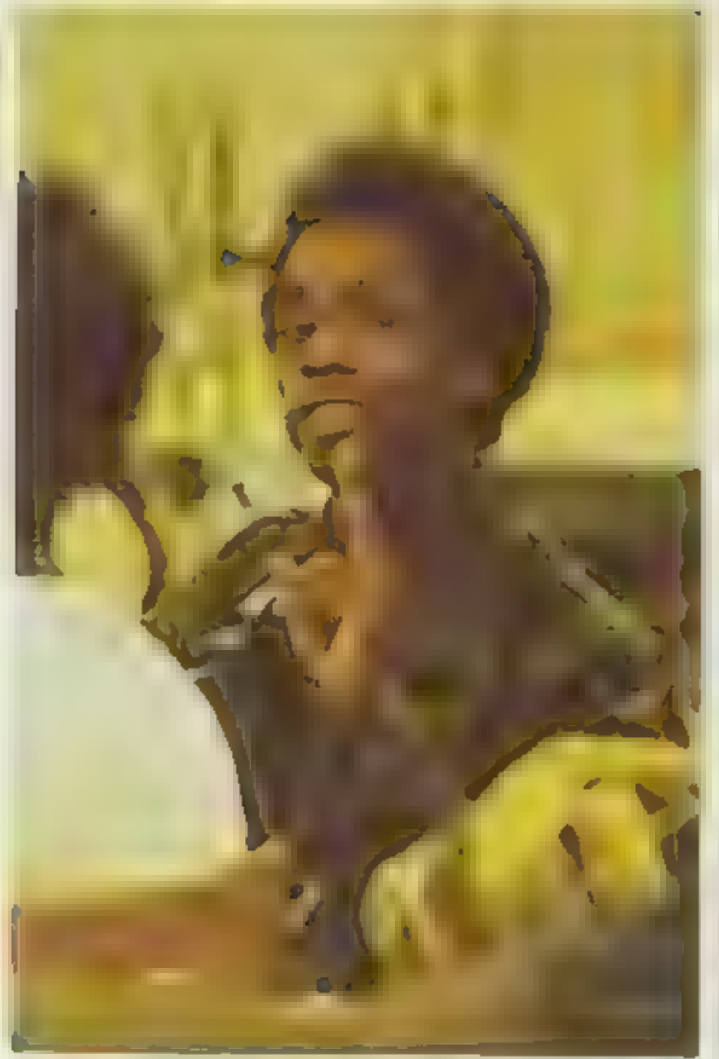

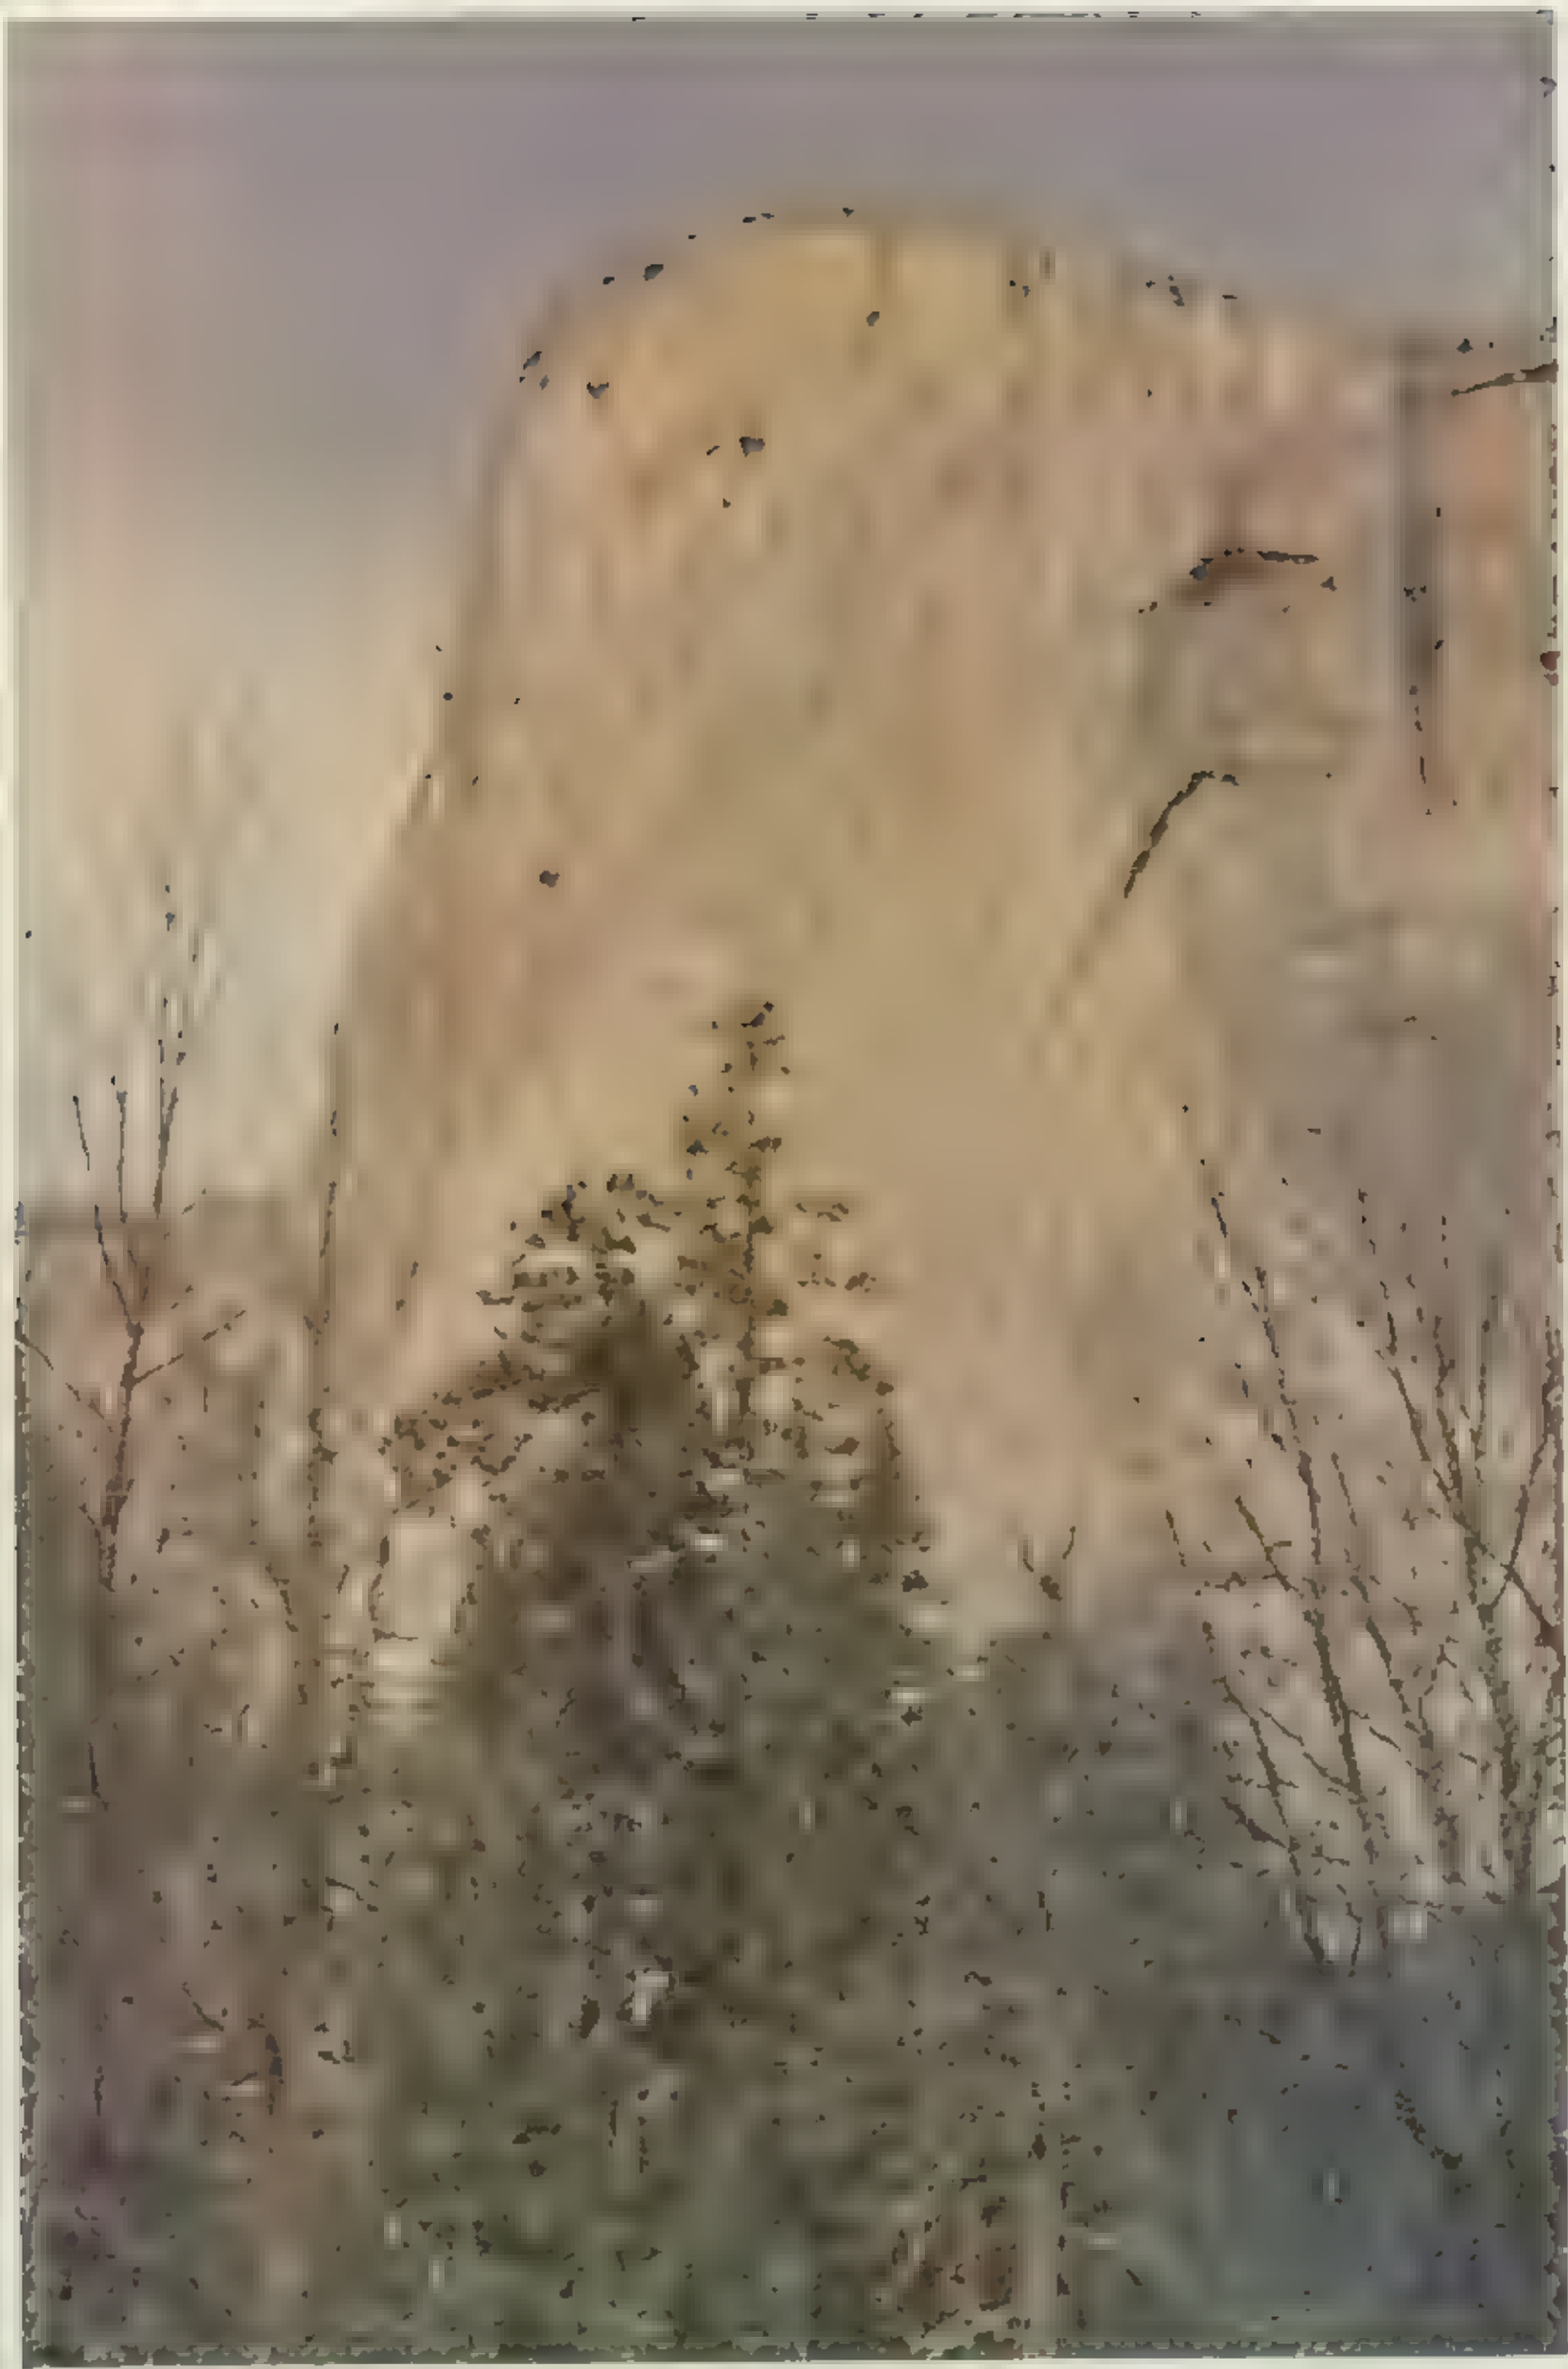

Power, not lightening bolts crashing to the earth, or an erupting volcano which destroys everything in its path, but a more quiet power. The power which is present in a winning football or basketball team. The power of the mind is most powerful of all. This quiet power is present at Ganesha in many forms, ~ ~ ~.

The majestic hills and mountains around Ganesha are a constant reminder of the beauty and grandure of nature. The Lord Ganesh, symbol of power and wisdom, is also an example of grandure.

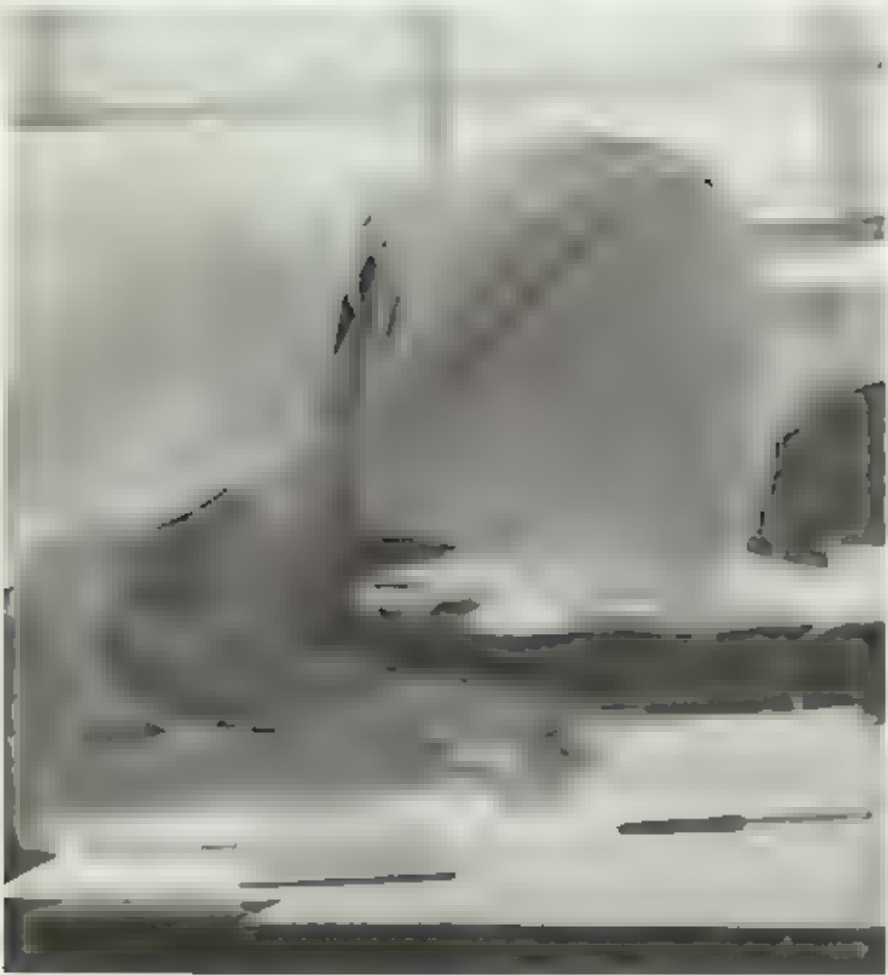

Enjoying a quiet moment is one pleasure which seems to elude most of us. Our lives are a mass of deadlines, appointments and traffic jams.

Maybe we should make time to settle down, relax and appreciate the serenity of nature.

DANCE CLASS

Studio Band

Once again, Ganesha's Studio Band plays that upbeat music of contemporary times. Even under the pressure of money and non support, Donald L. Root has been able to pull together Ganesha's finest musical talent.

The skills of 16 students are highlighted by the selections performed.

Club Day

Club Day at Ganesha High School is a festive occasion. A time that allows students to become involved with school activities, and pursue their interests in the social aspects of Ganesha High.

Fall Festival

At Fall Festival students experience the variety of interests, concerns, and tastes which comprise the Ganesha campus. It awakens the students to the cultural phenomenon which we all experience - that of being a student at Ganesha High School.

CAROLINE SHUGART

A.S.B. President Carolyn Shugart, pictured on these pages, has attempted to make the Ganesha activities program a success. Student council, led by Shugart, has promoted school spirit and participation through Fall Festival, Spring Fling, and several dances during the year. Shugart changed the pace of Student Council and organized it more tightly than in previous years. The 1979 Titan salutes Shugart for a job well done.

THE PROM

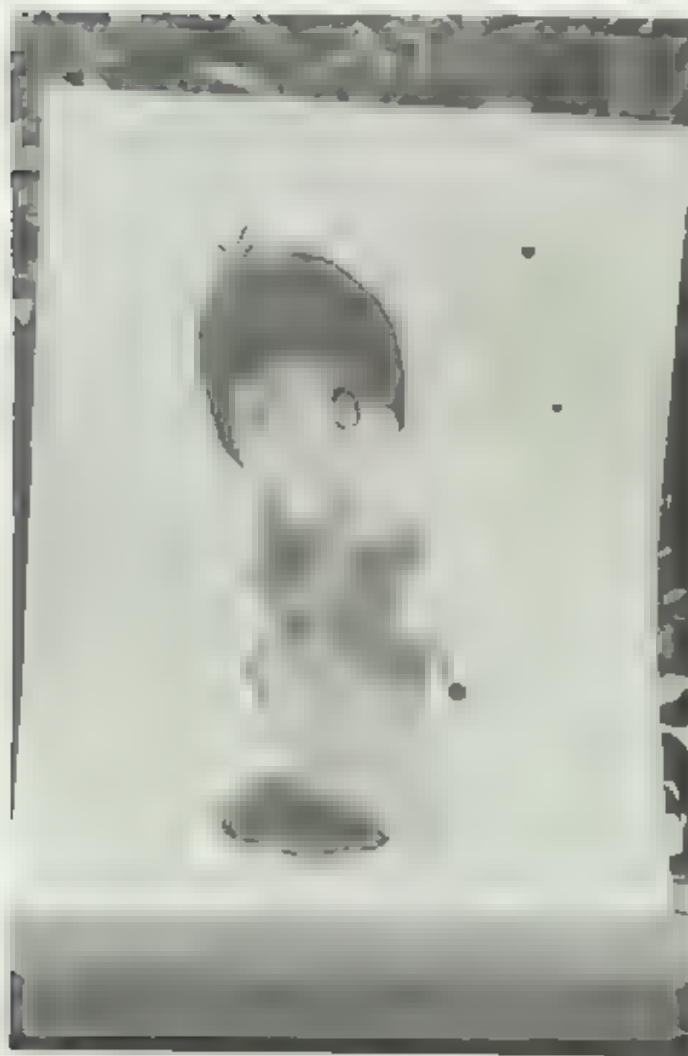

The 1979 Junior-Senior Prom climaxed a very successful year for the Ganesha Giants

Campus organizations are a way for many Ganesha students to get more involved in their school and get to know the people in it. There are clubs at Ganesha for everything from ethnic identity to the theatre.

On the following pages there is a record of the clubs at Ganesha.

Bret Gricher — Faculty Editor

Faculty

The story of Ganesha would not be complete without a chapter on the faculty and staff. For twenty years classes have been taught, telephones have been answered, students have been counseled, shrubs have been trimmed and lunch has been served, all with a consistency unmatched by Ripley. Mr. Bolliger's laboratory, Mr. Crabtree's computers and Mrs. Lepp's Career Center are all unforgettable components of the entire picture.

And so, to all of the Faculty and Staff we fondly say, thank you, for making our years at Ganesha very special ones.

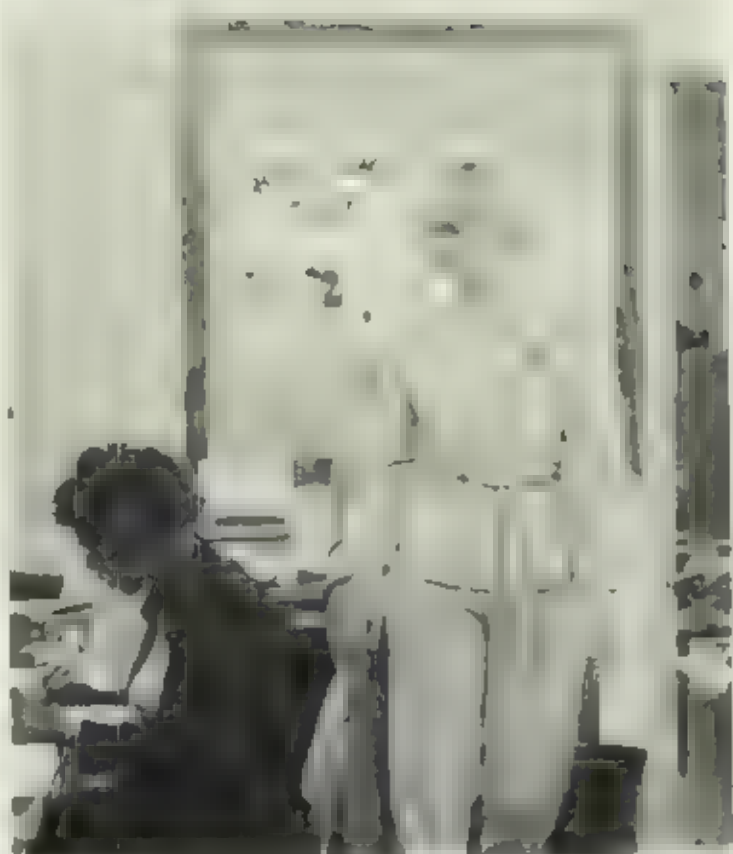

Principal

This year there are a few new faces on our campus. The most prominent is our new principal, Jack Housen.

Mr Housen was a P.E. director in Fontana, then he spent twelve years at Marshall Junior High in Pomona, two years as assistant principal and ten years as principal.

He is married and has four children. Away from his duties he enjoys playing tennis and watching other sports. Photography is also a favored hobby.

Vice-Principal

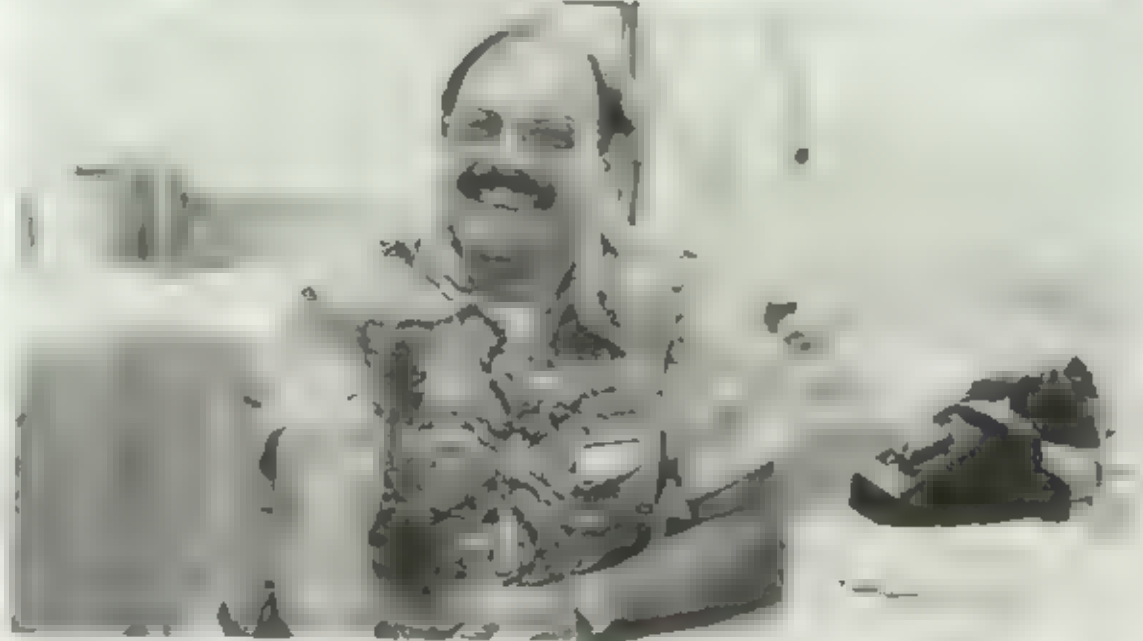

MARILYN HOCKING is the new vice-principal at Ganesha, but has been a teacher for seventeen years in Pomona. She attended

Beloit College, where she earned a B S degree. Away from her duties Mrs. Hocking enjoys anything outdoors, especially backpacking.

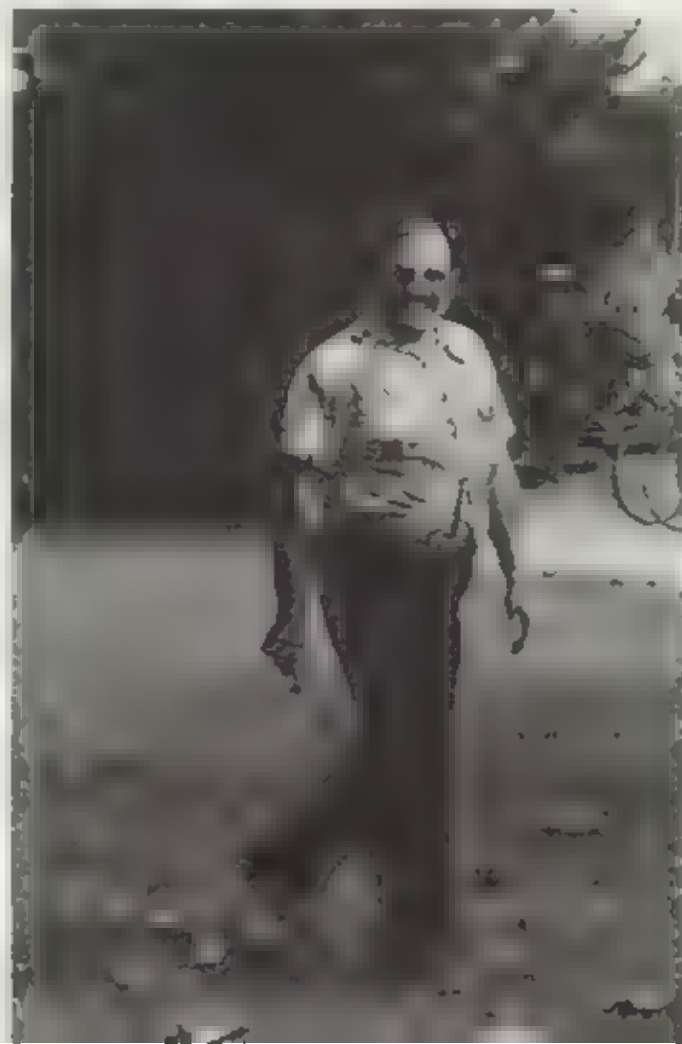

Dean of Instruction

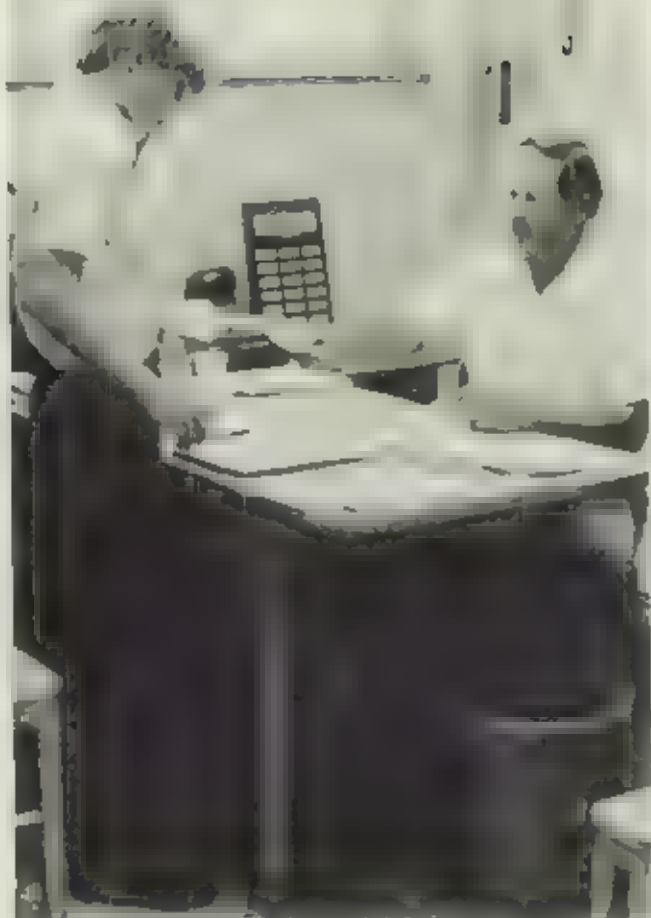

JACK WOOTON has attended many colleges including USC, where he has received a B A., B S., and M A degree. Away from school he enjoys golf, swimming, and traveling. Mr. Wooton is married and has 2 children.

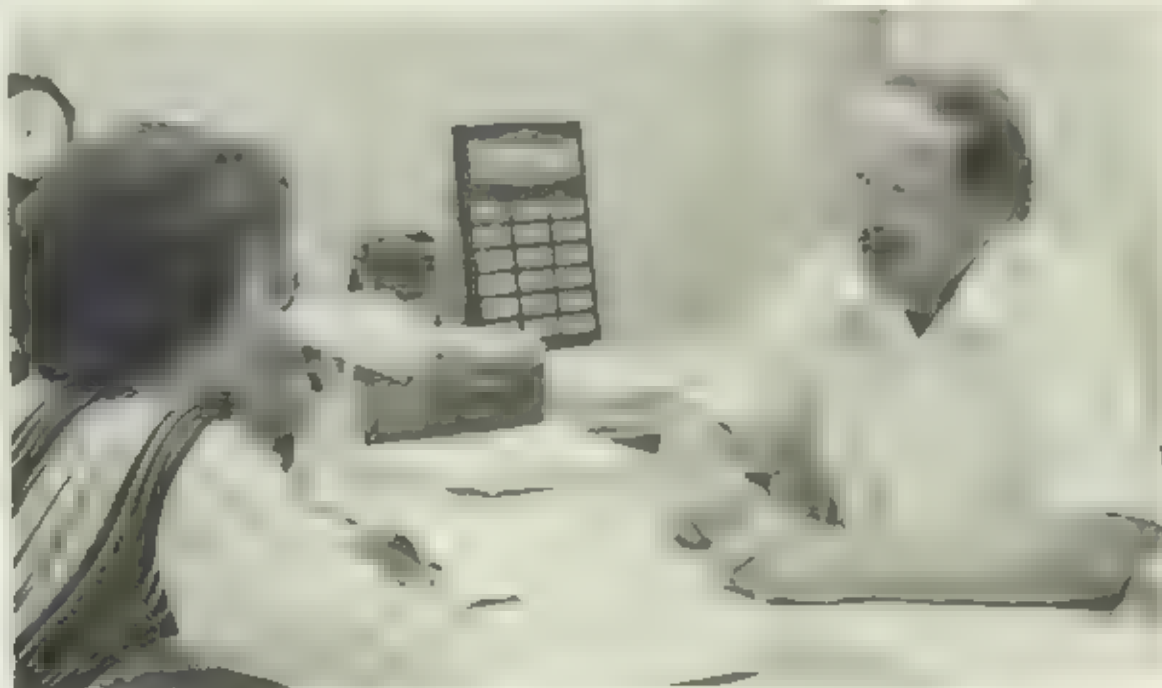

Dean of Students

GILBERT RIOS attended San Jose State Univ. He obtained 2 degrees—the B A. and M A degrees. Mr. Rios has been teaching for 5 years, plus 3 years as an administrator. He likes to go camping in his spare time.

VERNE EVANS has been teaching for 20 yrs. now MR Evans attended the Univ of Minnesota and Cal State L A. where he earned his B S. and M S degrees. Away from school he enjoys camping, gymnastics, and water skiing. He's married and has 4 children.

LARRY DEAL attended La Verne College and Cal State L A where he obtained his B A and M A. degrees. Mr Deal has been teaching and counseling for sixteen years, fourteen at Ganesha. Mr Deal is married and has two children.

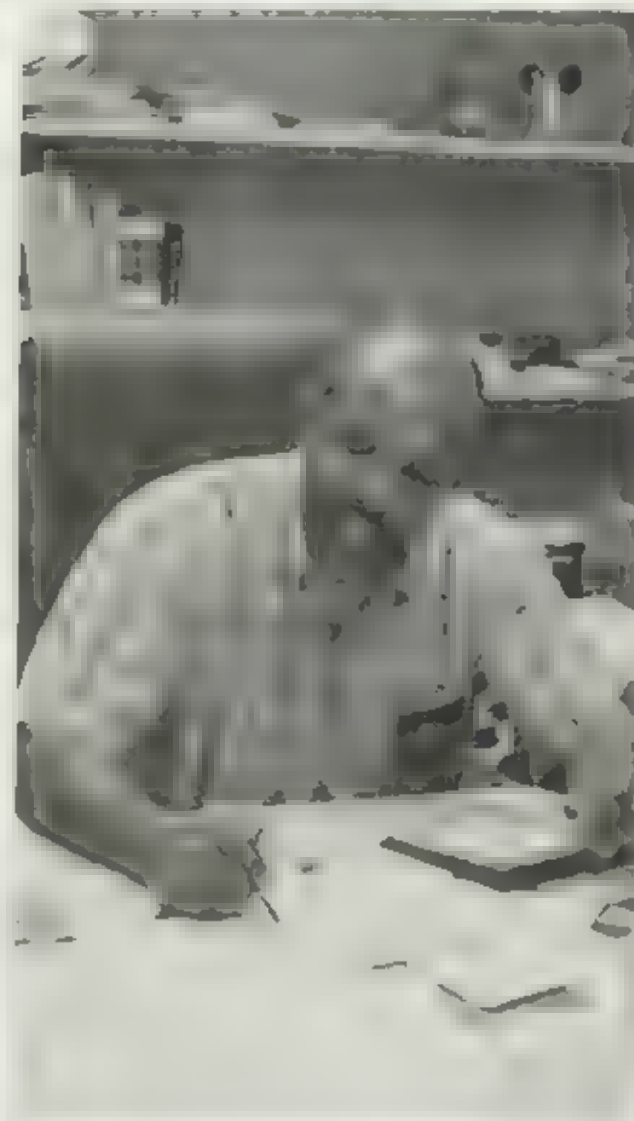

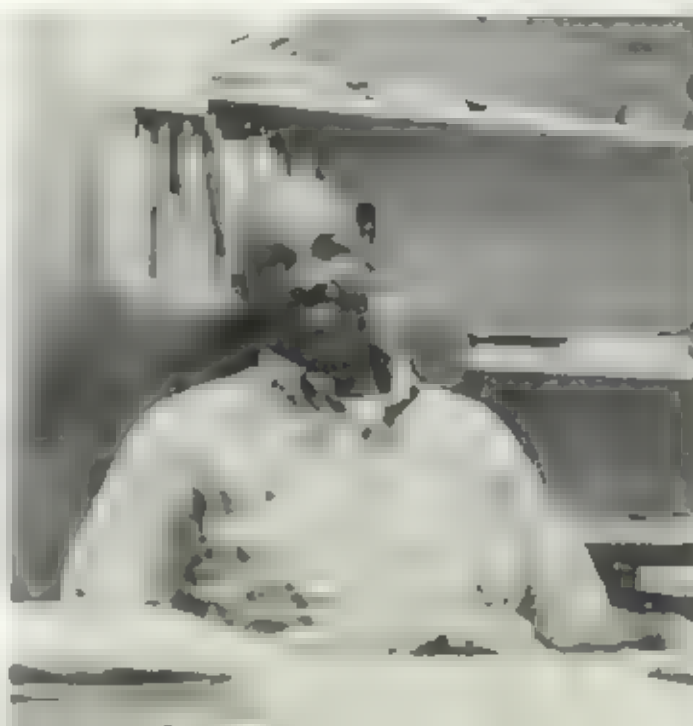

Counselors

ELLEN LEPP has received her A.A., B.A., and her M.A. degrees. She attended Stephens College, Duke University and Claremont Graduate School. She enjoys camping, canoeing, and square dancing. She is married and has no children.

JOSEPH SIMMONS has B.S. and M.S. degrees. He has been teaching for twenty-two years. Away from school he enjoys most sports, especially football. He coached football for eight years and played football for Tennessee State. He is married and has one child.

Counselors

Activities Director

VIC NICOLES has received his B.S. degree in both Physical Education and Biology. He also is the girls gymnastic coach for C.A.S.T. gym team. Vic loves water skiing and most other sports

Experience

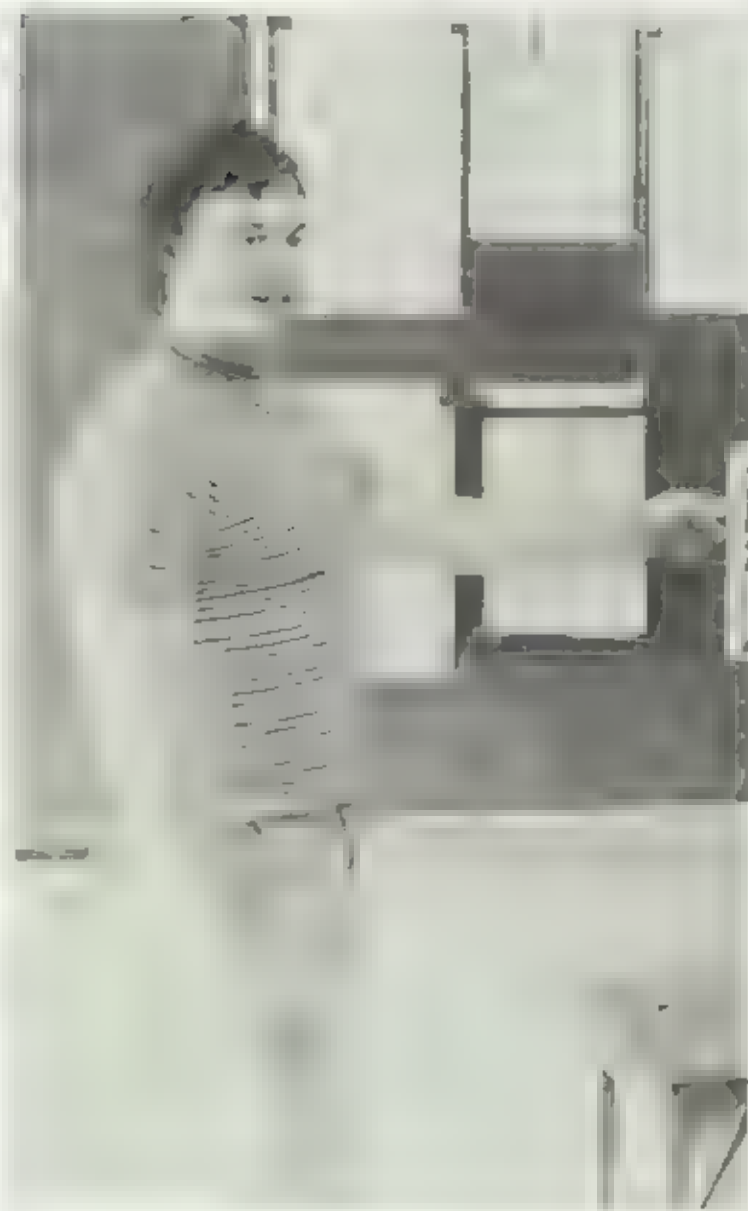

WORK
ART NOYES enjoys tinkering with his old high performance cars when he has the time. He has attended the University of California, Berkeley, Cal State University San Francisco, and La Verne University. He has obtained his M.A., B.A., and his M.A.T. degrees. Mr. Noyes has been teaching now for 13 years in the Pomona School District. He is married and has one son now attending La Verne University.

ROBERT GEORGE attended The University of Redlands where he obtained his B A., Claremont Graduate School where he obtained his M F A and he also attended Harvard

University. He has been teaching for 26 years, 19 of which have been at Ganesha. He is a professional artist in his spare time. He also enjoys a good game of tennis

Usually, all of the attention in high school goes to the seniors. But the school would not be complete without the juniors, sophomores and the freshman.

We should praise the under-classes for their spirit and their participation at Ganesha.

Seniors

Marcelle Boer, Senior Class Editor

MOST — INTELLIGENT

Todd Pomeraning and Julie McDowell, 4.00 and 3.94 respectively, are considered by their fellow classmates as the most intelligent seniors. Todd gives the credit for his success to good study habits regular hours, every day. Julie gives the credit to her unusual memory. He will be going to Santa Barbara after two years at Cal Poly majoring in Mechanical Engineering. Todd will also be majoring in Mechanical Engineering but at Cal Poly.

LIKELY TO SUCCEED

Voted most likely to succeed, Eric Sanders will be continuing his education at Berkeley, seeking a degree in Journalism and Political Science. Eric's 3.74 GPA will aid him in this endeavor.

Being successful to Eric will mean being an investigative reporter for the New York Times.

The greatest lesson he feels he has learned in his four years at Ganesha is learning to get along with people.

Caroline Shugart voted most likely to succeed by her fellow classmates will be going to Stanford University for a B.S. in business or law. Being successful to her means being able to make decisions, being financially stable and being able to leave something behind for the future of mankind.

A four year veteran of Ganesha, she is proud of her 3.91 GPA.

Caroline received the same honor at Emerson Junior High School four years ago, so she said, "I have a lot of friends that would be disappointed if I didn't succeed."

BEST — ATHLETE

The most athletic senior girl is Sandra Stanback. As a ninth grader she was on the basketball team that went to C.I.F. As a result of her achievements she was moved up to varsity where after three years was elected captain. This year she also received the most valuable player award and was picked for All-S.A.L. As well as starring in basketball Sandra likes softball and volleyball

ALL AROUND

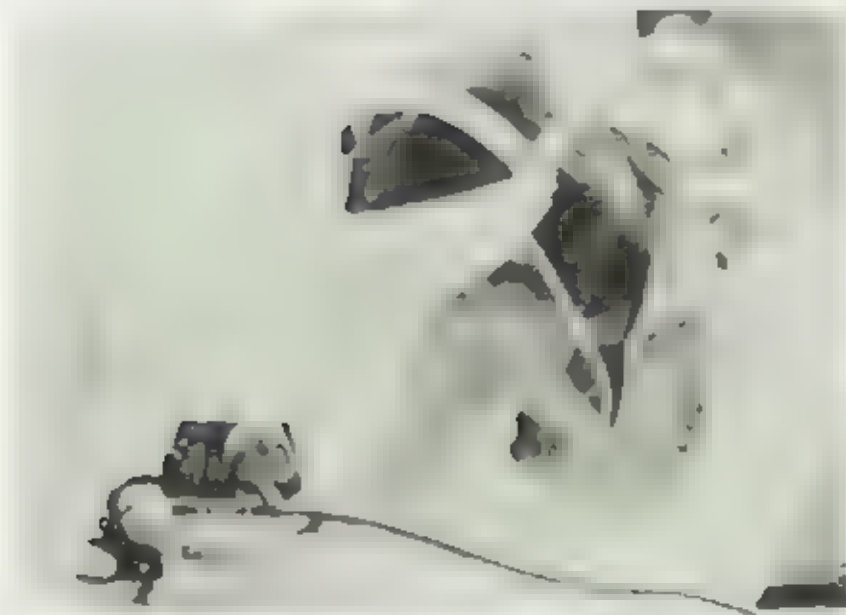

Floyd Williams voted the most outstanding athlete by his classmates for his four years of participation in most of the major sports offered at Ganesha. He has given superior performances in football, basketball and track

Adrienne Tucker voted best all around has attended Ganesha since her Freshman year. She participated in rally and many various clubs and activities. Adrienne was a mid-term grad and is currently attending Mt. San Antonio College.

The best all around award goes to James Murdock who will be going to Arizona State or San Diego State to work in the computer field.

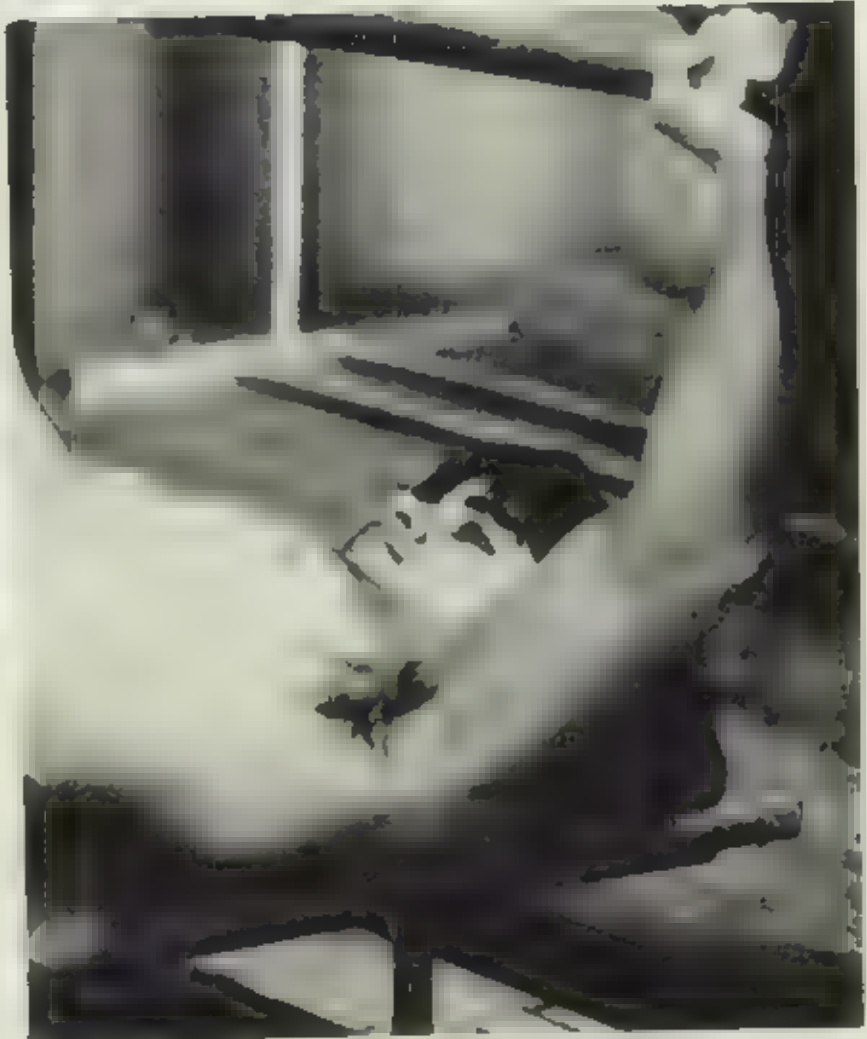

James is hoping for a scholarship in football. He has participated in most school sports during his four years here including basketball, track and football.

Oh no my hand has got my hair

BEST LOOKING

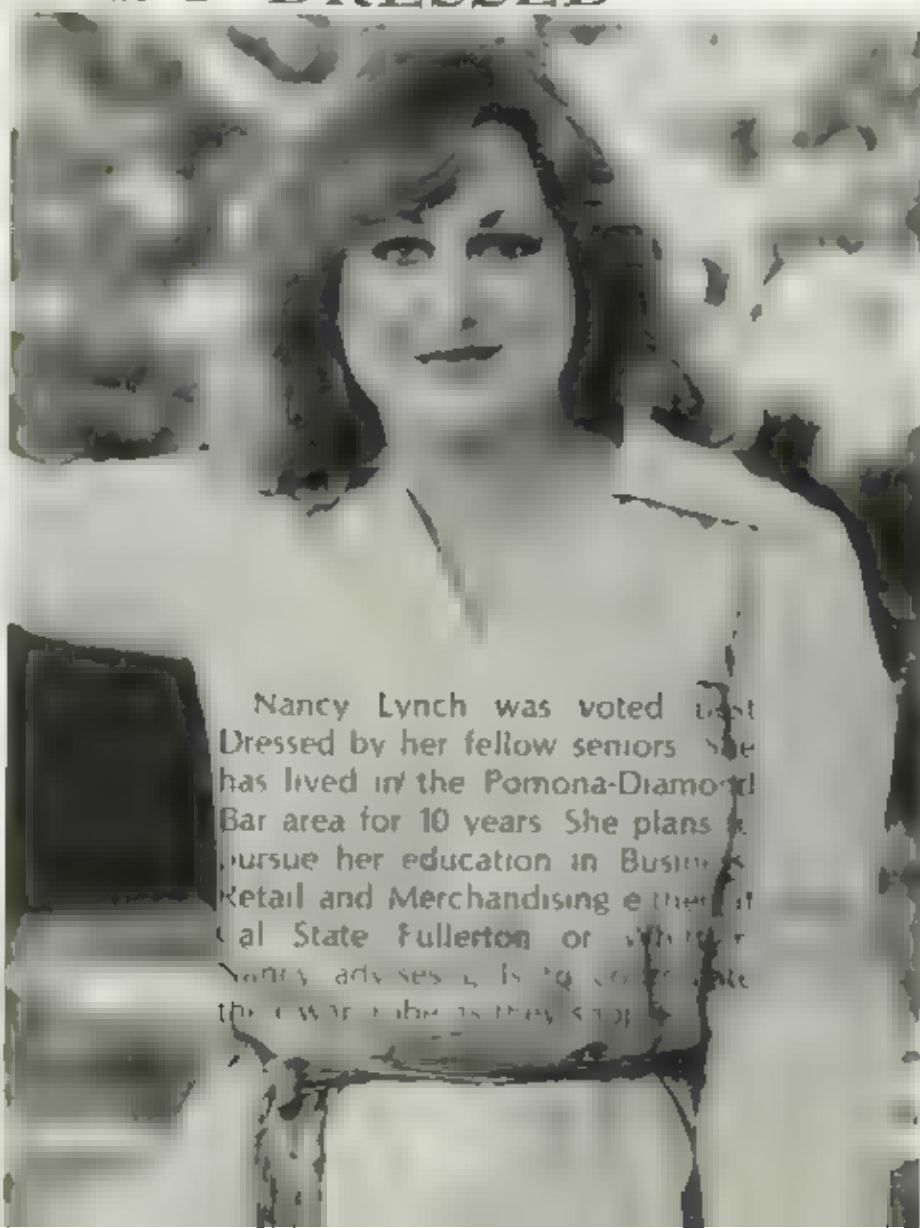

The best looking guy on campus is James Murdock, according to his fellow seniors. James said that he comes by his good looks naturally

as he has a very handsome father James is 5'11" tall and tips the scale at 165 pounds of muscle. He said that he is loose, available and loves women

They say that clothes make the man, and so it is true of the best dressed man of campus Emmitt Campbell

BEST DRESSED

Nancy Lynch was voted Best Dressed by her fellow seniors. She has lived in the Pomona-Diamond Bar area for 10 years. She plans to pursue her education in Business Retail and Merchandising either at Cal State Fullerton or wherever Nancy advises it is to go. She is the owner of the store as they say.

BEST 'BOD'

A beautiful thing is a joy forever," Adrienne Tucker fits this description as she was voted the lady with the most beautiful figure

She Walks in Beauty

She walks in beauty, like the night
Of cloudless climes and starry skies;
And all that's best of dark and bright
Meet in her aspect and her eyes:
Thus mellowed to that tender light
Which heaven to gaudy day denies.

One shade the more, one ray the less,
Had half impaired the nameless grace
Which waves in every raven tress,
Or softly lightens o'er her face;
Where thoughts serenely sweet express
How pure, how dear their dwelling place.

And on that cheek, and o'er that brow,
So soft, so calm, yet eloquent,
The smiles that win, the tints that glow,
But tell of days in goodness spent,
A mind at peace with all below,
A heart whose love is innocent!

class clown

Jan Fractious, voted Class Clown said, "I have to clown around to survive. I'm the youngest of eleven children." Jan laughs a lot, is seldom serious, and can find humor in most things. She will be attending San Diego State College majoring in business rather than comedy.

Clayborne Ferguson, voted class clown likes to party and spend time with his friends. He plans to continue his education at Colorado State University studying sociology.

Lisa Hughes, friendliest senior said, "I guess they felt sorry for me since I didn't get whitest teeth, smallest feet, longest eyelashes, best handwriting, cleanest hair, most industrious, most punctual, sexiest ears, thinnest arms, fastest eater, loudest breather, smallest nostrils or best complexion, so what else was left?"

I plan to major in Communications at Azusa Pacific College, and hope to someday work with the news media.

Donald Sparks is the friendliest guy on campus. Born seventeen years ago in Pomona, he is heading for Pepperdine College to major in sports medicine. He wants to specialize in athletic injuries.

With a big smile on his face, he said, "I'm easy to get along with. I just like people ... especially girls."

cool

Carolyn Pedroza "coolest chick" said, "I'm with the times, I'm up for things and willing to try something new." She will be going to La Verne College next year majoring in psychology. "To find out," she said, "what makes me so cool."

OFF-CAMPUS

Seniors don't always lead the prestigious life of the student. Here are just a few examples of seniors enjoying the 'outdoor life' of motocross, skiing, and seeing great sights of Southern California.

MOST TALENTED

Steve Johnson the most talented and creative man on campus is involved in jewelry making, as well as photography. Steve also enjoys letter press printing and all forms of rap/dance. Going to Cal State L.A. to study international business and Japanese studies he hopes to work in Japan one day. Steve feels the most challenging and satisfying

endeavor this year was the completion of Titan.

Kelly Crawford was voted Most Talented by her fellow seniors. She has a lifelong ambition of being a successful artist by attending the Pasadena Art Center College of Design after a year or two at Mt SAC.

MOST SPIRITED

The Most Spirited senior on campus Jonna Denise Clark was shocked when she heard the vote results. "I thought I might win Class Clown," she said. Jonna will be going to San Diego College in the fall to study Physical Therapy. Her enthusiastic, spirited manner will be an asset to her as a Therapist. She enjoys basketball games most because it provides closer contact with the team and rooters. She said she will miss Ganesha and the friendships she has made here.

MOST SOPHISTICATED

SENIOR COUPLE

Sandy Gruzdis and Kerry Graeber were voted senior couple. They met in Mr. G. Wall's algebra nine class after being seated alphabetically. Their first date was to the Long Beach Gran Prix, where Kerry's brother was racing.

From here, Kerry will be attending the University of Texas, studying law, while Sandy will be at Fullerton, majoring in business education. After high school, they will no longer be 'a couple', but will always remain good friends.

And now we come to the close of another school year. Most of us will return next year, but some of us are leaving to enter another phase of life. All of us have something in common however, we carry with us the memory of Ganesha

What in the world is a 'Ganesha' for the greater part of twenty years Ganesha High School's greatest minds have asked, without being answered. What is a Ganesha? In fact even now it asked could you answer? Not at all right this page will tell you about a Ganesha who first named our school and where the name came from.

Rumor has it that our town's first was named after a machine street out front. Right? Wrong? The street in question has the simple name of Beville. So it must be the first street in Ganesha Park. Wrong again! Maybe it was named after Ganesha because that's where the bus were not the first. Ganesha St is the question is it or is not what is a Ganesha?

Let us travel back in time to the days of 1911 when America was filled with religious strife between the western world. Buddhism and Christianity were being debated often to the detriment of both.

The evangelist was Ganesha the great god of wisdom and the letter of justice. His head with that of an elephant his body was that of a man. His worshippers were devotees.

Many people in this area have studied Ganesha as John Tonner. Mr. Tonner was a prominent citizen of Pomona during the 1910s. His hobby was the study of oriental theology.

Mr. Tonner owned a large plot of land in the Ganesha Hills area. This land, across from the fairgrounds was a part of the city of Pomona by Mr. Tonner. The city council to him gave him the privilege of naming the park because Ganesha was the god of wisdom. He decided it would be a proper name.

Ganesha in its proper form means only god so Mr. Tonner decided to add an 'a' to it thus making it Ganesha. As time went on the land above the park became known as Ganesha Hills. Still more time passed a city of Pomona in the School District created Ganesha High School in honor of Mr. Tonner. Then in a final sweep of Ganeshamania the city was renamed Ganesha Boulevard.

Joann Gray

Joann Grey is known to most students as just "one of those ladies in the office," but she is more than that. Her efforts in helping the Stride and Titan staffs alone go far above her duties of principal's secretary. Mrs. Grey has been at Ganesha for eight years.

"Tewkes"

Loa Tewkesbury has been at Ganesha for three short years but has left an indelible impression on the school "Tewkes", as she is lovingly called by her students can only be described as unbelievable. Tewkes has turned the Titan and the Giant Stride into highly respected publications. She has also co-guided the M.C.M. honors program, but amidst these time consuming activities Tewkes still has time to help a frustrated student with his studies or calmly referee a bout between angry editors. Combine the quality of always having time for her students with a constant smile and a warm personality and you have a very special person—Loa Tewkesbury.

This page is our way of repaying some of the love that Loa Tewkesbury has given us.

—The Titan Staff

One picture is worth a thousand words. If this is so, the hundreds of pictures in this book not only tell the story of Canesha but mirror the person and personality of the author.

Many thanks to Steve Johnson, for a job well done as Titan photographer.

Steve Johnson Photographer

The success of this year-book; the comradeship and drive of the staff are due in large measure to the leadership and personality of its editor, Richard Haluschak.

Here is a portrait of a young man opening the door to a successful life.

Richard Haluschak - Titan Editor

This Year's End

It is one year could be used to describe Ganesha. It was one to be unique. It is here where people from such different backgrounds, cultures and interests are together for one purpose and leave with a true sense of unity. That is at Ganesha we do.

Students here have the opportunity to learn more than just the traditional academics. They get the privilege of participating in a broad program that teaches the experience of learning to relate to others not as members of specific races or groups, but as individuals. Ganesha has always been one of the first steps in establishing a sense of individuality, but the most important step is in coming an adult.

The 1975-76 school year at Ganesha was different from previous years. Proposition 13 in effect, numerous changes were forced to take place. Funds were cut, services were curtailed, programs were discontinued and classroom sizes, while teachers salaries, continued to increase. The short-term benefits of Proposition 13 are not only limited but virtually non-existent.

However, Proposition 13, with a bit of imagination and a fair amount of difficulty can be viewed as a blessing. Through Proposition 13's cutbacks, increases and eliminations, I've proven to ourselves that we can do with a little sacrifice and a lot of imagination.

Despite financial increases in almost every academic or athletic area at Ganesha, students and teachers alike were able to accomplish at least as much as ever before. The Stride news, over staff, although the eventuality ran out of funds, put out a first rate paper even after that. The Titan yearbook, as not only one of the most artistic and creative yearbooks in years, it was honored in a reading company for its originality. Every athletic team competed with the strength and ability the Ganesha are known for and many students throughout Ganesha proud to claim them as their own.

Another change took place this year. It was the installation of a new administrative leader: the principal, Mr. Jack Jensen. After the tenure of the past years, the straight laced, no-nonsense discipline of Mr. Jensen was hard for some to accept. However, as time wore on, and rough edges smoothed down, most people realized that Mr. Jensen's authority was truly an asset. It has helped to establish, at Ganesha, a new sense of dignity and pride.

The ending of the school year means many different things to many different people. For some, it's simply the end of another year to be followed by one or more summer years. For others, it can mean the end of a whole chapter in their life and the dawning of new horizons.

For those of us leaving Ganesha, it's a time of mixed emotions. There is the sad, almost painful, loss of people you know you may never see again; the sense of loss at leaving behind the school and people you've grown to know and love; the outpouring of affection, "I miss you" and "I love you" and even more profound, the uncertain, yet excited feeling of anticipation of a new and different way of life.

As varied as seniors' emotions are, as they march to receive the diplomas, they can count on one fact. For the rest of their lives, Ganesha graduates can remember they left behind them a proud and strong school. One that better by their presence and are sure to continue in the great spirit of Ganesha High School.

June Jones
